

Safety Data Sheet

1. Identification of the substance / preparation and the Company

1.1 Identification of the substance or preparation

Code: 223806S BVE
Product name: Nobili Manie

1.2 Use of the substance / preparation

Intended use: Finitura decorativa murale

1.3 Company identification

Name: Atova International
Full address: 2452 N Harlem
District and Country: Elmwood Park, IL 60707

Tel. 866-452-9982

e-mail address of the competent person responsible for the Safety Data Sheet: info@paintandplasters.com

Product distribution by: Atova International

1.4 Emergency telephone

For urgent inquiries refer to: 866-452-9982

2. Hazards Identification

The product is not classified as hazardous pursuant to directives 67/548/EEC and 1999/45/EC and subsequent amendments and upgrades and does not contain substances classified as being hazardous to human health or the environment pursuant to 67/548/EEC and subsequent amendments.

3. Composition / Information on ingredients

This product is not dangerous under 67/548/EEC and 1999/45/EC directives and subsequent amendments.

4. First aid measures

No harm to the staff authorised to use has been reported. However, in case of contact, inhalation or ingestion, the following general measures provided for a first aid shall be taken.

INHALATION: remove to open air. If respiration is difficult, administer artificial respiration and seek medical advice.

INGESTION: seek medical attention. Induce vomiting only if indicated by the doctor. Never give anything by mouth to an unconscious person.

EYES and SKIN: wash with plenty of water; if the irritation persists, seek medical advice.

5. Fire-fighting measures

GENERAL INFORMATION

Cool containers with water to avoid product decomposition and generation of substances potentially hazardous to health. Always wear full fire protection.

Collect firefighting water must not be discharged into drains. Dispose of contaminated water used for extinction and the remains of according to applicable regulations.

SUITABLE EXTINGUISHING MEDIA

Extinguishing media are traditional: carbon dioxide, foam, dust and water spray.

UNSUITABLE EXTINGUISHING

None in particular.

DANGERS FROM EXPOSURE IN CASE OF FIRE

Avoid breathing combustion products (oxides of carbon, toxic pyrolysis products, etc.).

EQUIPMENT

Helmet with visor, fireproof clothing (jacket and trousers with straps around the arms, legs and life), gloves (fire, and dielectric), a mask with facemask that covers the entire face or a SCBA (self-protector) for large amounts of smoke.

6. Accidental release measures

PERSONAL PRECAUTIONS

Use breathing equipment if fumes or powders are released into the air.

ENVIRONMENTAL PRECAUTIONS

The product must not penetrate the sewers, surface water, ground water and neighbouring areas.

METHODS FOR CLEANING UP

Confine using earth or inert material. Collect as much material as possible and eliminate the rest using jets of water. Contaminated material should be disposed of in compliance with the provisions set forth in point 13.

7. Handling and storage

Keep in tightly closed containers away from heat sources and protected from frost.

8. Exposure control / personal protection.

8.1 Exposure limit values

Not available

8.2 Exposure controls

Follow the good industrial hygiene practices adopting suitable individual protective measures, such as gloves and overall. Do not eat or smoke while handling the product. Wash hands before eating and at the end of the work shift. Periodic health controls are recommended at the discretion of the doctor.

9. Physical and chemical properties

Colour	Various colours
Odour	Characteristic, light
Appearance	Liquid

Solubility	Soluble in water. Insoluble in hydrocarbons.
Viscosity	2000 cP.s
Vapour density	>1
Evaporation Rate	Not available
Reactive Properties	Not available
Partition coefficient: n-octanol/water	Not available
pH	7-9,0
Boiling point	Not available
Flash point	61 °C
Explosive properties	> Not available
Vapour pressure	Not available
Specific gravity	1200 Kg/l
VOC (Directive 2004/42/EC) :	100,00 g/litre

10. Stability and reactivity

The product is stable in normal conditions of use and storage. In the event of thermal decomposition or fire, vapours potentially dangerous to health may be released.

11. Toxicological information

No health damage has been reported as being attributable to the product. However, we recommended observing the rules of industrial hygiene.

12. Ecological information

Use this product according to good working practices. Avoid littering. Inform the competent authorities, should the product reach waterways or sewers or contaminate soil or vegetation.

13. Disposal consideration

The product is not to be disposed of in the sewers or in surface or underground waters. If the waste is solid, it can be disposed of in dumps meeting specific requirements as provided by law. This also applies to empty containers after suitable washing. In any case, disposal must be carried out according to local regulations.

14. Transport information

This substance is not dangerous under current provisions of the Code of International Carriage of Dangerous Goods by Road (ADR) and by Rail (RID), of the International Maritime Dangerous Goods Code (IMDG), and of the International Air Transport Association (IATA) regulations.

15. Regulatory information

Warning symbols: None
Hazard sentences (R): None
Caution recommendations (S): None

This product is not subject to hazard labeling under the 67/548/EEC and 1999/45/EC directives and following amendments and adjustments.

VOC (Directive 2004/42/EC) :

Decorative effect coatings.

VOC given in g/litre of product in a ready-to-use condition :

Limit value: 300 (2007) - 200 (2010) VOC of product : 100,00

16. Other information

GENERAL BIBLIOGRAPHY
